1. Welcome

The chairman welcomes the members of the Intercountry Committee present.

2. Cooperation with the Egyptian Section

The chairman refers to the Annual Report 2014/15 dated 30th June 2015 which was sent out to all members and which lists the results of the meetings of both sections held on 15th June 2015

(attended by Gov. Zierl (1842)). He explained in detail the start of Global Grant Project GG1529052 / BMZ Project 2015.1655.8 “Water for Life”.

3. Reports on current and planned Social Service Projects in Egypt

4. www.de.rotary.de/la-aegypten

With the help of two Rotarian friends – Gerhard Grossmann (RC Hanau-Maintal) and Susanne Hormes (RC Bersenbrück-Altkreis, - an English language version of the internet pages was set up. We are grateful for their help.

The chairman invites the members to continue sending him information of interest.

5. Other activities

The chairman repeatedly contacted all clubs that had been in touch with friends and/or clubs in Egypt in the past and suggested to renew their connection at present in particular. Unfortunately, the echo was generally weak. The same is true with reports and other publications in the Rotary Magazine.

The projects launched by Districts 1842 and 1850 and by Rotaract show that personal engagement is a definite condition of success in all efforts to plan and carry out joint projects. In view hereof the chairman once again asks all members of the German section of the Intercountry Committee to actively invite the attention of their fellow members in their clubs and districts to join in the initiation of world wide projects.

6. Miscellaneous

Not applicable.
