

CHRISTMAS SEASON 2021

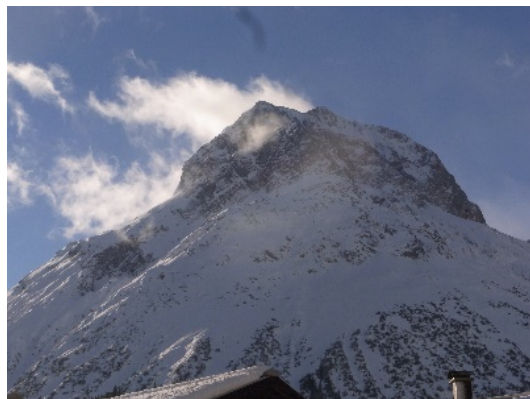

Dear rotarian friends and members of the ICC Austria-Germany- USA,

another year, which can easily be named as “unusual” is turning over towards 2022.

Hoping that everybody is in good health, I will send you warm regards from Hannover and Halle/Saale. Our intensively supporting committee secretary Thomas Hicksch and myself are looking forward to continue our efforts for our ICC after a, at least as far as we think, successful and pretty interactive year 2021.

My family wishes you and your family a merry Christmas, happiness and ongoing health, have a couple of peaceful moments with your family and friends.

Very warm regards and all the best for the new year 2022.
